Disability Inclusion Toolkit

The Disability Inclusion Toolkit is a series of publications which provide practical guidance about supporting disabled students. The Toolkit is underpinned by the social model of disability, which says that people are disabled by the world around them, rather than by their impairment or difference. The Toolkit focuses on inclusive practices, which can be implemented to support all students. Inclusive practices also help us to meet our anticipatory duties to make reasonable adjustments under the Equality Act 2010.

The Disability Inclusion Toolkit consists of the following publications:

- Guidance for Inclusive Teaching and Learning (PDF 148KB)
- Individual Support Agreements (PDF 565KB)
- Adjusted Assessment Guide for Staff (PDF 370KB)*
- Using Moodle for Access and Inclusion (PDF 476KB)
- Recording Taught Sessions (PDF 387KB)
- Inclusive Group Work (PDF 521KB)
- Planning Academic Visits (PDF 470KB)
- Our Values (PDF 1080KB)
- Fairness and Equality in Student Selection (PDF 294KB)
- Inclusive Online Teaching and Learning (PDF 728KB)

*The Adjusted Assessment Regulations (PDF 146KB) replace the Accommodated Assessment Regulations from the 2020-21 academic year. Watch our short presentation about Adjusted Assessment. This introduces the new regulations and highlights the key updates. Download the Adjusted Assessment presentation slides (Powerpoint 69KB) to access links to further guidance and support (must be in 'slide show' mode).

The Disability Service can provide advice, guidance and consultancy about inclusive practices, and supporting disabled students. If you have any questions about implementing the guidance in this Toolkit, please get in touch.

You can provide feedback about the Toolkit, and how you have used it.

If you would like a hard copy of the Toolkit, please contact disability@arts.ac.uk
